Ink & Arrow for QT Fabrics Welcomes New Artists

Coventry, Rhode Island:

Known as the company offering “something for everyone”, QT Fabrics is pleased to announce the Ink & Arrow brand has expanded to include two new artists.

Since 2015, the Ink & Arrow for QT Fabrics brand has offered collections encouraging creativity and embracing the motto, “no rules, just great fabric!” Ink & Arrow for QT Fabrics is moving forward with fun, fresh, playful designs to round out their quilting, sewing, and crafting fabrics available to independent fabric shops across the world. Designs include a hidden I&A or arrow motif, a playful and whimsical touch.

Francesca Calvi of [Yupcat](#), an illustrator from a small village near Milan, Italy has joined the Ink & Arrow for QT team. Yupcat offers great imagination for cute creatures coming to life in playful scenes and designed the [Winter Forest Friends](#) collection launching to shops in May 2025.

Anne Lehman Stolpe of [Sunny Spot Studio](#), is an artist and surface pattern designer living in New Hampshire. Anne’s designs can be found on greeting cards, stationery, wall art, gift packaging, clothing and now fabrics. Sunny Spot Studio brings a passion for drawing, color, and design with beautiful flowers and plants in a happy setting. [Autumn Smiles](#), her inaugural collection, will be available in shops in March 2025.

Learn more about these artists and their collections via the links above.

About QT Fabrics: With over 200 years of excellence in the textile industry, QT Fabrics is an employee-owned company designing and selling beautiful, premium printed fabrics to the quilting, sewing, and crafting wholesale markets.
