QT Fabrics Welcomes New Exclusive Artist

**Coventry, Rhode Island:**

Julie Lynch of CJLDesigns, is a new fabric designer exclusively for QT Fabrics.

Julie lives in South Australia in the beautiful Adelaide Hills, where she creates her artwork in her studio. Influenced by her aunt, who worked in graphic design/textiles, and her mother, who operated a craft business, Julie studied printmaking, advertising, graphic design, and textile design.

Her designs offer a lot of natural elements such as flowers, fungi, foliage, as well as birds and animals. QT is happy to have her contemporary aesthetic and keen color sense as part of the new Summer 2025 collections. Both [Dahlias at Dusk](#) and [Gardens At Twilight](#) are now showing to shop customers and will be in independent quilt and fabric stores in July 2025.
