SPRING 2025

Sweet Summer

Anne Lehman Stolpe 

I am an artist and surface pattern designer living in New Hampshire. I've always been drawn to bright colors, beautiful textures, and patterns. Making pattern designs has become my favorite creative outlet as I feel it brings all my art and design experience full circle. My passion for drawing, color and design merge together to create my patterns.

Where would you like to travel & explore?

I spent a short few days in Italy years ago and have always wanted to return to explore more of its rich history, stunning views, delicious food (especially pizza!), wine, and art.

If you weren't an artist, what would you do?

I would love to own a café and a plant shop that also features unique creations from local artists, along with offering creative classes. It would be a mix of some of my favorite things!

Favorite food?

Despite being gluten-free, my favorite is pizza! I like to try new toppings, but a classic margherita can be tough to beat.

Francesca Calvi

Ciao! I'm Francesca, the illustrator behind Yupcat. (Or the heart and hands behind Yupcat)

I live in a small village near Milan, Italy, where the nature around me—wildflowers, animals, and the countryside—provides daily inspiration. Drawing is a way to share the little moments of wonder I experience in nature, hoping to bring a smile to anyone who comes across my work.
